

## Quality Policy Statement

---

Project Design Engineers Ltd (PDE) is a well-established premier Engineering, Design and Project Management Consultancy, with a highly regarded reputation for demonstrating expertise and consistent attention to detail across a wide range of projects and locations. PDE's multi-discipline project capability is supported fully by industry standard CAD and CAE systems, enabling PDE to provide a comprehensive engineering service from concept through to completion.

We aim to continually improve the services we provide to meet our clients' requirement and to provide finished work we can be justifiably proud of. Only by providing an outstanding design and project management service will we achieve our aims of long term success and sustained improvements.

PDE aim to achieve the above by implementing a quality management system that complies with the international standard ISO 9001:2015. We aim to implement our quality management system as part of an integrated process using risk based thinking that is compatible with the context and strategic direction of the company.

The PDE top management is committed to:

- Ensuring legal and regulatory requirements and our clients' requirements are identified, understood and consistently met;
- Continual development of the company quality management system and providing adequate levels of resources including facilities, equipment, training and support for employees to ensure it remains effective;
- Continual improvement of the quality management system by ensuring the risks and opportunities that can affect conformity of our services are determined and addressed, to ensure customer satisfaction is maintained.
- Establishing a quality management framework, setting quality objectives and systematic performance evaluation, maintained through internal auditing, monitoring and management review processes.
- Establishing partnerships with suppliers and interested parties to provide an improved service.

This Quality Policy Statement has been signed and approved by the HSEQ Director. It will be displayed in PDE work locations and will be made available to all relevant interested parties upon request.

This policy will be reviewed for continuing suitability, adequacy and effectiveness at management review and will be communicated fully throughout the organisation.
